Plot Summary

In the fifth installment of the epic Mission Earth series, the United States government has finally achieved its goal of sending a manned mission to Mars. But when the astronauts arrive on the Red Planet, they find something unexpected: a vast and ancient alien city. As they explore the city, they are captured by a group of aliens known as the Cygnus. The Cygnus are a dying race, and they have kidnapped the astronauts in hopes of using their DNA to save their own species.

Meanwhile, back on Earth, the United States government is preparing for war against the Cygnus. But before they can launch an attack, they must first find a way to defeat the Cygnus's powerful weapons. Enter Commander John Savage, a brilliant scientist and military strategist. Savage has developed a plan to use the Cygnus's own technology against them. But to do so, he must first travel to Mars and rescue the astronauts.

Savage's mission is fraught with danger. The Cygnus are a formidable enemy, and they will stop at nothing to protect their city. But Savage is determined to succeed. He knows that the fate of the Earth hangs in the balance.

Characters

- **Commander John Savage:** A brilliant scientist and military strategist, Savage is the leader of the rescue mission to Mars.
- **Dr. Elizabeth Mitchell:** A brilliant scientist and Savage's love interest, Mitchell is part of the team that is sent to Mars to rescue the astronauts.
- **Dr. David Lee:** A brilliant scientist and Savage's rival, Lee is also part of the team that is sent to Mars to rescue the astronauts.
- **General William Stryker:** The leader of the United States military, Stryker is determined to destroy the Cygnus and conquer Mars.
